

# TASK: Use a gesture to throw a sound over radio

Set this to the group number your teacher tells you.

Choose a number and sound pair from the list.

0	Middle C	5	Middle A
1	Middle D	6	Middle B
2	Middle E	7	High C
3	Middle F	8	High D
4	Middle G	9	High E

Sounds can be thrown to sound\_catcher.hex

# Micro:bit gestures

on shake ▾

 shake	 logo up	 logo down	 screen up
 screen down	 tilt left	 tilt right	 free fall
 3g	 6g	 8g	

This is about the force of a single clap.

This is great if you wrap your micro:bit in bubble wrap and do science experiments, but not great for music.
